

LEE NORDBYE
PHOTOGRAPHY

“Lee is not just any photographer; he's a trailblazer, carving his own path through the rugged terrain of creativity and capturing the essence of nature's grandeur.”

— Edward Forbes, President of the Calgary Camera Club

LEE NORDBYE is a fine art landscape photographer, speaker, and teacher based in the Rocky Mountains of Alberta, Canada. An award-winning and published photographer, Lee is known for a bold photographic style that highlights the intimate details and nuances of the natural world. Call him a fine art photographer with an adventurous spirit, Lee enjoys spending time in the outdoors and immersing himself in his subject in order to capture scenes in the moment. His elegant and soulful approach to photography is matched by a passion to challenge himself, explore wild places, and have fun while doing it.

“In a photography world that increasingly celebrates the wide, colourful, sweeping, epic scenes, Lee's approach is a refreshing anomaly... Through his body of work, Lee demonstrates extraordinary commitment and passion, and brings us the overlooked magic of the Canadian Rockies.”

-Paul Zizka, award-winning Canadian landscape photographer
